To Capitalists.—The advertiser has acquired, by as atticle of agreement with the American Stone-Dressing Company, (owners in fee of EAYRE'S PATENT STONE-DRESSING MACHINE.) the right of exclusive use of said machine in the City and County of New York, for the whole unexpired lifetime of the patent, (to December 4, 183). It is examed by the owners that its capacity is unsurpassed by any other machine in existence, for preparing stone for buildary other machine in existence, for preparing stone for buildings, smal looks, aqueducts and bridges. They challenge the world to produce its equal for expedition and beauty of finish. It is to stone what Woodworth's Planing Machine is to beards, or the saw mill to the rough log. It dresses brown stone, marble, hmestone and granite with equal beauty and ease-particularly the brown stone from the Paterson Ledge. The stone on the carriage is fed fast or slow, at pleasure. With a five-herse power applied to the machine, the stone will move forward from two to three feet per minute, and take off from one to two inches of stone, if required to lying it to an even surface. The forward motion of the chizel was e-sweptieth of an inch, each blow of the re-volving hamber. The gaug has 14 chisels, which strike 25,000 blows per minute, without apparently dulling the chizels in the least edges.

minute, without apparently dulling the chizels in the least tages.

The object of the advertiser is to form a Joint Stock Company with as little aclay as possible, that shall put into operation aix machines, at least, to dress stone at any required width or thickness. Persons feeling a desire to engaze in a mechanical or manufacturing business, are invited to call at the Company's office, where any information will be given with pleasure, and investigate for themselves, and where an accel can be seen. Or if they will take the treuble to go to Rosch's Saw-Mill, No. 138 Baak-st., they can see a full-und machine in operation from 9 to 12 A. M. and 2 to 5 P. M. The Bleecker-st. or Kipp & Brown stages will land passegers within two minutes' walk of the machine, where all who feel interested in machinery, or desire to become interested in this machine, are invited to call and examine its operations. For further particulars apply at the office of the American Stone Dressing Company, No. 62 William-st., room No. 3.

Recent Developments in the Affairs of the UNION POWER COMPANY, render a meeting of all persus interested therein highly necessary. A meeting will, therefore, be convened at the Company's offices, No. 96 Johnst, at 11 A. M., on MONDAY, 17th inst.
